Mary Buckham

**The Mythic Journey:
Using the Heroine's Journey
to Plot Your Novel**
Before Christopher Vogler's ground
breaking book – **The Hero's
Journey**- many writers were unable
to see the connections between
their commercial fiction and the
universal power of ancient myths
and legends. Now, with a clearer
understanding of how to incorporate
archetypes, the twelve steps of the
hero's [heroine's] journey, and plot
points, writers can create solid plots
and surefire structures that sell.
